Snow Conditions & Avalanche Report

Danger level for **Wednesday, 21/02/2024**

Danger Level 1 – low

▶ 0:00 / 2:15 ———— 🔊 ⋮

 **Tendency: Constant avalanche danger** →
on Thursday, 22/02/2024

Low avalanche danger will be encountered over a wide area.

The fresh wind slabs can in very isolated cases be released, even by a single winter sport participant, especially on very steep shady slopes above approximately 2400 m. These avalanche prone locations are to be found in particular in gullies and bowls, and behind abrupt changes in the terrain. The prevalence of the avalanche prone locations will increase with altitude. In very isolated cases dry avalanches can also be released in the old snowpack. Avalanche prone locations are to be found in particular in little used terrain above approximately 2400 m, especially on very steep shady slopes. Mostly avalanches are small.

Only isolated gliding avalanches are possible.

During the European Championships, in the Individual Race, the Race Jury knew for the first time ever that the weight of some jackets, especially women jackets, was not according to the rules (less than 1% of the total weight). This concerns only a special group of athletes (small female athlete with size XS) and not separate individuals.

For many reasons the Race Jury decided not to apply a penalty for this concept.

Now, the referees understand that all coaches and athletes know the existence of this rule, and if there will be another similar situation during the season, the rule will be respected from the Race Jury and the possible penalties applied.

From the Referees Commission there will be a proposal to improve this rule for the season 24/25.

Case of abandon of an athlete

Rules and Guidelines.

Abandon:

- An athlete having difficulties may give up on his/her own initiative or be forced to give-up by decision of the LOC Race Director or one of the doctor's present.
- Giving up (by own initiative or forced) must take place at a checkpoint or waypoint according to the procedure described during race TCM except under extreme circumstances. For team races, if one team member gives up then the other will be told to give up and must follow instructions given by the controllers. Every athlete having withdrawn MUST inform the ISMF Jury President (or his representative) upon arrival at the finish area. The athletes having withdrawn may also be subject to doping control.
